NO. 51

NEW TAX BILL IS SUMMARIZED

Features Are Emphasized
By State League.

PROPERTIES ARE CLASSIFIED

And the Rates Are Named On
the Different Classes
Of Property.

A PERMANENT COMMISSION

The State Tax League of Kentucky has summarized the proposed new tax laws as follows:

Constitutional Amendment—The new law is in conformity with the Amendment to Section 171 of the Constitution authorizing the General Assembly to—

Classify property for taxation.
Fix the rate of taxation on each class.

Designate which class shall be subject to local taxation.

Permanent State Tax Commission

The new law provides for a permanent State Tax Commission to carry into effect the provisions and exercise supervision over the entire question of State taxation. To devote its entire time to the question and assume the duties of the various boards and commissions now having authority to assess and tax property for State purposes at Frankfort.

Rate of Taxation—The new law fixes the rate of taxation on all taxable property for State purposes at 40 cents on each \$100 of assessed value, instead of 55 cents, as at present, on all classes of property excepting deposits in bank, which are to be taxed at 10 cents on each \$100 for the purpose of encouraging thrift and savings and the circulation of money now sequestered because of excessive taxation. In other respects taxation for State purposes will be absolutely uniform on all classes of property, whether owned by the residents of towns or the country.

Apportionment of Revenue—The apportionment for each item of expense remains undisturbed, and the General Expense Fund, the School Fund, the Sinking Fund, the Kentucky University and Road Tax will receive the same exact proportion of the revenue as heretofore.

Real Estate—Real estate will be taxed as at present and according to its locality in the country or towns and cities for State purposes at the uniform 40-cent rate, and for county, town or taxing districts at the local authorities. The value of real estate depends on its location and surroundings, improvements and should naturally contribute toward the maintenance of such improvements.

Personal Property—Personal property is segregated into classes and each class will be taxed uniformly, whether owned by the resident of a town or the country for the purposes for which it is taxed.

Money and Credits—Money in hand, notes, bonds, accounts and shares of stock in foreign corporations having less than 25 per cent of their taxable property in Kentucky will be taxed for State purposes only, at the uniform 40-cent rate in lieu of all other taxation. Shares of stock in Kentucky corporations and foreign corporations having more than 25 per cent of their taxable property in Kentucky are exempt from taxation, as the taxes are paid by the corporations.

Machinery—Farm implements and machinery, the machinery of manufacturing establishments, including raw material and product in course of manufacture, will be taxed for State purposes only at the uniform rate of 40 cents in lieu of all other taxation.

Mortgages—Mortgages will be taxed for State purposes only at the uniform rate of 40 cents, and if for a period exceeding three years a registration fee of 25 cents on each \$100 will be required in order to receive from foreign money on long-time loans, as this is the only Kentucky tax they would have to pay.

Bank and Trust Companies—Banks and trust companies will be subject to the same taxation as at present, but the State tax will be only 40 cents instead of 55, as at

present, and the assessment will be made by the permanent Tax Commission instead of the State Board of Control. Banks have heretofore been assessed on a different basis of valuation from other property, and it is not proposed to disturb this arrangement.

Bank Deposits—Bank deposits are placed in a separate class and depositors will be taxed at the rate of 10 cents on each \$100 on money on deposit September 1, which tax may, however, be paid by the banks for their depositors or by the depositors themselves, and this nominal tax is calculated to largely increase the deposits in banks, as money not so deposited will be subject to the State tax rate of 40 cents.

Railroads and Public Service Corporations—Railroads and public service corporations will be assessed by the permanent Tax Commission and the taxes on the various classes of property they may own will be the same as for individuals—40 cents for State purposes on property taxed for State purposes only and such local taxes as the local authorities fix on property subject to same. The value of franchises will also be fixed by the State Tax Commission and the new law dispenses with all other State Taxing Boards and taxing privileges of other commissions at Frankfort.

Merchants—Merchants will be taxed on their entire stock and tangible personal property as heretofore, but at the lower State tax rate of 40 cents, and such local rates as may be fixed by the local authorities. Notes, accounts and cash in hand will be taxed for State purposes only at the uniform 40-cent rate in lieu of other taxes and bank deposits at 10 cents on each \$100.

Manufacturers—Manufacturers will be subject to the payment of State taxes only on their machinery and raw material and product in course of manufacture, notes, accounts, cash in hand and other intangible personal property at the rate of 40 cents, and bank deposits at 10 cents on each \$100. Their real estate will be subject to State and local taxes as at present.

Farmers—Farmers will be subjected to the present taxation on their land and improvements, but the tax rate for State purposes will be 40 cents instead of 55. Agricultural implements and machinery will be taxed for State purposes only at the uniform 40-cent rate. Crops grown within the year are exempt from all taxation. Bank deposits will be taxed at 10 cents on the \$100, and this tax may be paid by banks. Cash on hand, notes and accounts, taxable bonds and stocks will be taxed for State purposes only at the uniform 40-cent rate.

Livestock—Livestock will be taxed as at present, but the State tax rate will be 40 cents instead of 55 cents.

Household and Office Furniture—Household effects, including pictures, musical instruments and jewelry, will be taxed as at present, but the State tax rate will be 40 cents instead of 55 cents, and there will be the present exemption of \$250 for heads of families.

THIRTY CENTS A DAY

PROVIDES FOOD FOR EACH

San Antonio, Tex., Dec. 15.—The daily ration for soldiers in the border service cost 30 cents a man for December, an increase of more than 5 cents over the figure of a year ago. Officers in the quartermaster branch say the increase is due to the higher cost of beans, flour, sugar, lard, butter, vegetables and fruits. Because of increased prices of leather and cloth for shoes and uniforms it also costs the Government more to clothe the soldiers.

Approximately 150,000 pounds of turkey that will be needed for the Christmas dinner of the soldiers will cost the Government 35 cents a pound, or 1 cent more than the price paid for their Thanksgiving turkey.

BILL TO CLOSE MAILS TO

LIQUOR ADVERTISEMENTS

Washington, Dec. 15.—Legislative measures aimed at the destruction of the liquor traffic continue to accumulate in Congress, both Houses being deluged with petitions urging the adoption of national prohibition and the passage of other anti-liquor measures.

The house postoffice committee opened the door to another phase of the problem today when a bill designed to close the mails to liquor advertisements was favorably reported.

British Military Experts Say German Move Caused By Fear

London, Dec. 16 (3:45 p. m.).—"Despite its blatant and arrogant tone, Chancellor von Bethmann-Hollweg's peace speech offers us much encouragement when considered from a military standpoint," said Gen. Frederick D. Maurice, chief director of military operations at the British War Office, on discussing today with the Associated Press the military significance of the German Chancellor's peace offering. Gen. Maurice continued: "Of course, until we receive definite terms, it will be impossible for us to discuss the German peace terms. The military reasons which led to their utterance certainly are not discouraging to us."

"The Germans know we are capable of a greater offensive than we launched last summer on the Somme and they do not like the prospect. We are increasing our forces and our munitions and are improving our positions."

"Lately, independently, but from similar data we and the French have computed the German losses on the Somme and have arrived at exactly the same results, which may be expressed as follows:

"The total German loss in men was more than 700,000, which included 95,000 prisoners. In material we took 135 heavy guns, 180 field pieces and 1,483 machine guns."

"It must be remembered that our prisoners were first-line fighting men from the front trenches, while the recent captures made by the Central Powers consisted in large part of the army service medical corps and other practically non-combatant positions of the army, which necessarily were picked up in operations like those in Rumania."

"Germany knows we are prepared to initiate a greater offensive at any place on the western front than on the Somme. When I talked to you last I said Germany had made no important captures of men in Rumania, but just at that moment she was making a large scoop of prisoners from the second Rumanian army. However, it is doubtful if the Germans will get a satisfactory Christmas dinner from the capture of food supplies in Rumania. Not being in Field Marshal von Hindenburg's confidence, I cannot tell how far he will carry his offensive, but he can undoubtedly go farther."

REINCARNATION OF BULL MOOSE

Progressives Who Kept Faith
Pull Themselves Together—
Convention in St. Louis.

New York, Dec. 15.—"Reincarnation" of the Progressive party with a "new sense of party independence" based upon "the new liberal spirit," was agreed upon at a conference of prominent Progressives from several States held here today.

Funds were subscribed to open a national Progressive headquarters in this city until the national convention meets in St. Louis. Permission for "those leading Progressives who have made party mistakes" to re-enter the party were discussed, but no action was taken.

Assurances also were given to those who seemed to fear that the "reactionary group of Progressives" might gain control of the St. Louis convention, that only those known to be "loyal and true Progressives" who had refused to go over to the Republicans or Democrats, would have a voice in organizing the new party.

Held At Hotel.
The conference, which was called by Matthew Hale, of Boston, national vice chairman of the Progressive party, lasted three hours. Mr. Hale was authorized to select a committee to plan for the national convention some time around Washington's birthday. Its members will be announced later.

A resolution reaffirming the Progressive platform of August, 1912, was adopted. Amendments expressing "the desire of the Progressives to co-operate with the liberal elements of every party and to disregard any party affiliations since that time, even the choice of the Progressive element in the recent election," were attached to the resolution.

The people who believe matches are made in heaven forget that some of them are tipped with sulphur.

Negotiations Are Under Way To Settle Railroad Strike

Evansville, Ind., Dec. 15.—W. G. Lee, president of the Brotherhood of Railway Trainmen, publicly declared here today before the Central States conference on rail and water transportation, that negotiations are under way between the brotherhoods and railroads, looking to settlement of their entire controversy, out of court, before January 1, when the Adamson law becomes effective.

"I know I am not betraying confidence," he said, "when I say some of the best brains in the high chambers of the operating departments of the railroads favor something satisfactory to both sides and that they have discussed it with us. I left them only Wednesday in New

KENTUCKIANS IN THE BORDER SHIFT

Third Regiment to Patrol Front
—Most Serious Duty Yet,
Conditions Considered.

El Paso, Tex., Dec. 16.—Early this morning the Second and Third Regiments of Kentucky's Infantry will leave their comfortable camp on the mesa north of Fort Bliss and begin a fifteen-day tour of border patrol duty, the most serious work they have as yet been called upon to perform, as very unsettled conditions exist just across the border and large bodies of armed Mexicans are frequently seen by the American patrols.

The two regiments will be carried to their new camps in the big gray motor trucks, which have a capacity of thirty men each. They will relieve the South Carolina regiment and the First Kentucky, which will return to their regular camps in the trucks which take out the Second and Third Kentucky. The First Kentucky has been patrolling the border for a distance of fifty miles below the city, a country which abounds in small game, and the soldiers have been feasting for the past fifteen days on wild ducks, quail and rabbits. So well did the men of the First like the patrol work that many of them expressed a desire to remain in it for another fifteen-day period.

Tentary Assigned.
The Second will occupy the stations vacated by the First, which extend from El Paso south to Fort Hancock, a distance of fifty miles. The Third Kentucky will relieve the South Carolina regiment, which has been scattered from the city to Las Cruces, N. M., a distance of fifty miles.

Owing to an outbreak of measles and mumps among the companies of the South Carolina regiment, stationed at Las Cruces, C. and M. Companies, of the Third Kentucky, will be held here until the quarantine on the South Carolinians is raised.

In the border patrol work the reg-

iments are broken up into companies and located at intervals along the border. Frequently the companies also are broken up and smaller stations established in order to give protection to every point. Cavalry stations are also established and patrols along the border made nightly.

VILLA SAYS SCOTT AND

HE COULD END TROUBLE

El Paso, Tex., Dec. 16.—If a conference could be arranged between Francisco Villa and Gen. Hugh L. Scott, of the United States army, an agreement could be reached which would settle all differences between the United States and Mexico, according to a statement made to the military authorities here today by a Mexican who claimed to have direct authority from Villa to make such a proposal.

"Gen. Scott is a good man," Villa is quoted as telling his representative. "and we almost settled the Mexican question at one time."

The envoy said he had been authorized to make clear that Villa holds no enmity toward the people of the United States, but only toward those officials he believes accomplished the recognition of Carranza and permitted Carranza troops to pass through American territory to Agua Prieta, where Villa lost a decisive battle.

A DEAD FROM DRINKING

WAS FOUND DEAD

Joliet, Ill., Dec. 16.—Four prisoners in the Illinois State penitentiary here are dead, two others are expected to die and three others are ill as the result of drinking wood alcohol which they extracted from shellac in an effort to satisfy their cravings for liquor. The deaths occurred last night and early today, but the facts were not revealed until an inquest this afternoon.

The men were employed in the shoe shop, where shellac is used. They brought the alcohol to the surface by adding salt to the shellac. It is believed they consumed two quarts of the poison. All became ill soon afterward. One man when told that he was dying confessed what they had done.

HARVARD PSYCHOLOGIST DIES SUDDENLY

Cambridge, Mass., Dec. 16th.—Bryce Munsterberg, distinguished psychologist and director of the psychological laboratory of Harvard University, died suddenly in a classroom at Radcliffe College today.

Prof. Munsterberg had begun a lecture on elementary psychology before a young woman. He had talked for about a half hour when he stretched his hand toward the desk as though to steady himself. Before any one could reach him he had fallen and was pronounced dead when Dr. Harold E. Pratt, an instructor, sprang to his side. Death came in twenty minutes.

15,000 MEN IN A RESULT OF GAS FACTORY

Wheeling, W. Va., Dec. 15.—Fifteen thousand workmen are idle here today as a result of a serious shortage of natural gas, which has forced almost every factory and mill in the Wheeling district dependent upon gas for fuel to close. The shortage is said to be due to the severe winter weather here.

Large glass factories at Bellaire, O., Moundsville and Wheeling are operating only a few departments. Thus far there has been no shortage of gas to domestic consumers.

MOORE WOULD MAKE USE OF FORMER PRESIDENTS

Washington, Dec. 14.—Former Presidents Taft and Roosevelt, and all other future Presidents of the United States after their terms expire, would be given a seat in the House of Representatives without a vote at a salary of \$25,000 yearly by a bill introduced today by Representative Moore, of Pennsylvania. Candidacy for any public office would automatically bar such men from membership in the House.

HOT OIL IS HURLED OVER PASSENGER TRAIN

Iowa Falls, Ia., Dec. 16.—Three hundred gallons of hot oil were hurled over an Illinois Central passenger train here today when the locomotive of the train struck an oil tank wagon. The tank exploded. Joseph Taylor, driver of the wagon, was fatally burned and the crew of the locomotive slightly burned.

EIGHT-HOUR ACT REPEAL FOUGHT

Chastise Both Sides, If
Necessary Says Adamson

MEASURE PASSED GOOD FAITH

Must Stand—Compromise Between
Factions Will Be
Highly Welcomed.

THIS MAY END COURT ACTION

Washington, Dec. 14.—Reports that railroad and brotherhood heads in peace conferences have planned to propose the repeal of the Adamson act and the substitution of a working agreement of their own making for it today aroused Representative Adamson, author of the law, to declare that Congress would "spank both sides to the controversy if necessary."

Mr. Adamson, who is the House representative of President Wilson in railway legislation matters, is willing to negotiate in any plan employees and employers may evolve for the interpretation of his law as applied to working conditions, but will vigorously oppose repeal of it, as he thinks will the majorities of both houses.

Will Not Repeal

"Congress will not agree to any repeal of the Adamson law," he said tonight. "The measure was passed in good faith and it is a constitutional enactment regulating hours of labor and not wages. Let the roads and their men settle their wage disputes."

"I hope that the negotiations between the railroads and their employees will result in an agreement which will not make further legislation necessary, but Congress will see that the public gets a fair deal. If it becomes necessary to spank both sides we'll spank them, though I hope that won't be necessary."

Representative Adamson looks upon the efforts of the railroad and brotherhood heads to get together optimistically, however. He says the result of the presidential election made the employers more eager for peace than they were last year, and that the growing belief that the President stands for a conciliatory arbitration law has set the wheels of peace in motion.

Adamson pointed out that the Adamson law is a constitutional law and that the Supreme Court may be called upon to decide whether it is constitutional. He said that the law is a compromise between the two sides and that it is a good thing that the two sides are trying to settle their differences.

Adamson said that the law is a good thing and that it is a good thing that the two sides are trying to settle their differences. He said that the law is a good thing and that it is a good thing that the two sides are trying to settle their differences.

Adamson said that the law is a good thing and that it is a good thing that the two sides are trying to settle their differences. He said that the law is a good thing and that it is a good thing that the two sides are trying to settle their differences.

Adamson said that the law is a good thing and that it is a good thing that the two sides are trying to settle their differences. He said that the law is a good thing and that it is a good thing that the two sides are trying to settle their differences.

Adamson said that the law is a good thing and that it is a good thing that the two sides are trying to settle their differences. He said that the law is a good thing and that it is a good thing that the two sides are trying to settle their differences.

Adamson said that the law is a good thing and that it is a good thing that the two sides are trying to settle their differences. He said that the law is a good thing and that it is a good thing that the two sides are trying to settle their differences.

KODAK

Deciding What to Give This X-mas

Will be easy, as nearly everything has advanced in price
EXCEPT JEWELRY.

There has been no raise on gold and filled jewelry and many other articles in our line, but Clocks, Cut Glass, and Silverware have advanced some.

But we had a good supply on hand before the advance, which will go at the old price as long as they last.

We urge you more than ever to buy early this year, as materials of all kinds are so scarce that the factories may run short a little later. So as jewelry is the most appropriate gift, and always has been, as it can be kept longer and appreciated more, why not go right now and select your present and have it put back?

We have, for the ten years we have been here, steadily increased our stock both in quality and quantity, and this year is by no means an exception. There are too many things to mention, but a few are Watch Bracelets, Necklaces, Rings, Tie Clasps, Stick Pins, Silverware, Cut-glass, and Eastman Kodaks. The Watch Bracelets and Eastman Kodaks are extremely appropriate this year.

We also test eyes, fit glasses and frames and guarantee them, and we are always here to back them up.

J. B. Tappan, Jeweler and Optician, Hartford, Ky.

Editors Voice Opinions on Peace Proposals Made by Teutonic Allies

Following is editorial opinion of newspapers throughout the country on the peace proposal submitted by the Teutonic allies.

Baltimore American—There can be no doubt as to the genuineness of the desire of Germany to bring to a close the world massacre that has worried all of the nations engaged in it. There can be no doubt as to the readiness of the allies to come to an agreement with the Central group. The matter of world peace under existing conditions is too grave for a proposition to secure this to be treated lightly or with outright scepticism.

St. Paul Pioneer Press—Admittedly the situation just at this moment does not lend itself to peace probabilities, even though every combatant may yearn with unaffected earnestness for the end of the strife. It scarcely is conceivable that Germany, taking the initiative and in view of her recent utterances, could propose terms that would be acceptable to the Entente Allies.

Philadelphia Ledger—Germany apparently is playing, not so much for peace, as for the conciliation of neutral opinion. She does not expect the Allies to accept these terms, as one does. But by offering them she puts upon them the responsibility of continuing the war. That is why her move is such a clever one.

Philadelphia Inquirer—There is something a bit sinister in the note which the German allies have submitted. It declares that the object of the peace proposals is to obtain a guarantee of the existence, honor and liberty when Germany forced the war. A return to the statu quo with Prussian militarism rampant and in a position ever to threaten the peace of the future would leave everything up in the air.

New Orleans Times-Picayune—Allies should go slow in accepting terms, and weigh the matter carefully.

Boston Record—The purpose of the peace suggestions from Berlin today presumably represents three directions of thought:

1. That the Central Powers have won as much material advantage from the war as is possible.

2. That projection of these proposals may persuade some neutral sentiment into more complacent regard for the Central Powers' aspirations.

3. That dissension may be sown among the Entente Allies.

Louisville Herald—Germany's peace terms are the terms of a conqueror. That they will be so much as considered by the Entente is not for a moment to be believed. The most important consideration of all—the removal of the menace of military domination—is not so much as referred to—and without some understanding that should dispose of that Democratic threat all talk of peace would be futile.

Boston Globe—The German Government would not talk peace if it thought it could win world domination. In the international poker game of war and diplomacy the man who is ahead looks for an excuse to stop. But, while it takes two to make a quarrel it also takes two to make peace.

St. Louis Globe-Democrat—In view of the successes of the Central Governments in the East and the

failure of the allies to make any serious impression on their western line, the announcement of Germany cannot be considered a confession of defeat. Nor is there anything to justify any claim of Teutonic victory.

Los Angeles Times—The Kaiser suggests that Europe return to the condition that prevailed before the war, yet no sensible student of international affairs can fail to see that the German Foreign office has another purpose in putting these terms before the world. Von Bethmann-Hollweg's message to the Reichstag must be read somewhat in the light of an extremely tactful and subtle effort to influence public opinion.

New Orleans American—Peace probably will come before Christmas, as the Allies are fighting a hopeless cause, and will make peace at the terms of the Kaiser.

San Francisco Chronicle—Peace is at last an immediate possibility. From the heartfelt hope of the civilized world it has come down to a specific proposition. That which yesterday seemed to be in the clouds now is crystallized into definite promises set forth in black and white. There is now every prospect that peace will be the world's greatest of all Christmas gifts.

Detroit Free Press—Germany's formal offer to enter into the negotiation of peace terms with the allies is a shrewd, well-thought proposal. Whatever may be the motives behind it or the manner of its reception its effect is likely to be distinctly advantageous to the Government in Berlin. The action of the Chancellor, though unexpected and to an extent astonishing, is logical.

Pittsburg Dispatch—The ice has been broken. The path to peace has been opened. It is, of course, highly improbable that Premier Lloyd George and Premier Briand will exhibit haste in accepting the olive branch. Consideration of peace officially may be postponed until another desperate effort to win has been made, but sooner or later the contempts will have to lurk back to the proposal announced today.

Philadelphia Record—Peace terms are proposed by the conqueror; they are accepted by the vanquished. No expressions, official or unofficial, have escaped the allies that suggest their disposition to assume the position of the conquered and accept terms from Germany, even though they should be liberal. It seems more probable that the allies will push the war until, if possible, Germany and its associates shall ask them what their terms are.

Brooklyn Eagle—The allies of the Entente will not accept the proposal. They will not negotiate now. They have suffered too much from German domination in the past, they have spent too much in blood and treasure in the great war to make an agreement that would leave Belgium and the Balkans without adequate guarantee against aggression, that would ignore the claims of Russia, France and Italy, that would reestablish Germany in her old position as a constant menace to the peace of Europe. Not for such a peace are they recasting Ministries and girding up their loins to fresh efforts.

New York Evening World—Germany could not have found a more

propitious time to make a tender of peace. The Central Powers are at the height of their success. The Teutonic confederation has proved its strength as never before. Its armies are in France, Serbia, Russia, Roumania, Belgium. It may have strained itself to the limit, but it has conquered. The allies of the Entente are in temporary disorder. Russia has upset its Government. So has Great Britain. France is retiring the military commander who, not long ago, was its idol, and the nation's hope.

Louisville Courier-Journal—What does it mean? That is the question that will be asked on all sides at the news of the Central Powers' proposal for peace. It is not surprising that they have made the proposal. They, or Germany, which is the same thing, have made overtures for peace more than once before, and the world has understood for some time that Germans are ready and anxious to end the war if she should do so on terms that would not savor of humiliation to her. The element of surprise in her present initiative is that she should announce her readiness to quit on what are intimated as terms of the restoration of the status quo before the beginning of the war.

THIRTEEN GRANTED LIFE TEACHERS' CERTIFICATES

Frankfort, Ky., Dec. 14.—The State Board of Education has granted life teachers' certificates to Emma J. Walker, Covington; Hallie Jones, Louisville; Robert Allison, Russellville; Agnes Baker, Oldham; Pierce Dotson, Scottsville; Ada Crowder, Covington; L. B. Harrington, Franklin; Mary H. Walker, Covington; Joseph Russell, Tamm; Cora Bickers, Lexington; Mary Atwood, Clinton; Theola Mayfield, Worley, and Sophia Gibson.

High school certificates were granted to Paul B. Boyd, Leitchfield; James Calvin, Hickman; Daisy M. Porter, Lexington; Vera Corbett Smith, Lee's Creek.

Certificates were granted to high schools at Cold Springs, in Campbell county; Hardin, in Marshall county.

PROMISED \$300 BONUS FOR EACH EXPLOSION, HE SAYS

San Francisco, Cal., Dec. 14.—Louis J. Smith, star witness for the prosecution in the Government's case against Franz Ropp, German Consul General here, and five others on charges of conspiring to violate American neutrality, testified today that he had been promised \$300 a month and expenses with a bonus of \$300 for each explosion in connection with plans to upset war munition shipments to the Entente Allies. Smith himself is under indictment on the same charge.

Smith said he first met Baron George von Brincken, a defendant consular attaché, in the German House, a club, in San Francisco, on May 8, 1915. Smith said he informed von Brincken of a shipment of dynamite from a California power plant to Seattle from where it was to be reshipped to Vladivostok.

Neglected Colds Grow Worse.
A cough that racks and irritates throat may lead to a serious chronic cough, if neglected. The healing pine balsam in Dr. Bell's Pine Tar Honey—Nature's own remedy—will soothe and relieve the irritation, breathing will be easier, and the antiseptic properties will kill the germ which retarded healing. Have it handy for croup, sore throat and chronic bronchial affections. Get a bottle today. Pleasant to take. At all druggists, 25c. Advertisement.

THREATS MADE BY GENERAL GONZALES

To Assist Carranza in Retirement
Of the American Punitive Expedition.

El Paso, Tex., Dec. 14.—Gen. Arnulfo Gonzales, provisional governor of Chihuahua, declared in his first proclamation to the people after the reoccupation of Chihuahua City by Carranza troops that he would soon be ready to join the First Chief in forcing the retirement of the American punitive expedition.

An original copy of the printed manifesto, which is dated December 6, was brought here today from Chihuahua by a refugee.

Line Of Action.
Gen. Gonzales began his proclamation by saying that the people have the right to know the line of action their governors intend to pursue while in office.

"The State of Chihuahua," he continued, "must lament the disgrace of seeing its sacred soil desecrated by the proud Saxon troops, a misfortune that the bandit Villa caused by his deeds at Columbus. As these deeds not only injure the sovereignty of the State, but also of the country, it is to the central Government that belongs the solution of this conflict which threatens the nation itself."

"The patriotic attitude of the First Chief in the face of this lamentable incident is well known to all Mexicans. His forces have not a single moment ceased to work toward a solution of the same by diplomatic ways, preserving national pride and autonomy."

Force Retirement.
"To support this attitude in our sphere of action will be always a satisfaction to the Government of this State, which may soon be ready to unite its forces to those of the general Government to bring about that the forces of Pershing's punitive expedition, so well known but so unjustified, may withdraw as soon as possible from the State."

The rest of the manifesto Gov. Gen. Gonzales devotes to promises of educational, financial and internal reforms and of cleaning out the rebels.

Constipation Causes Bad Skin.

A dull and pimply skin is due to a sluggish bowel movement. Correct this condition and clear your complexion with Dr. King's New Life Pills. This mild laxative taken at bedtime will assure you a full, free, non-gripping movement in the morning. Drive out the dull, listless feeling resulting from overloaded intestines and sluggish liver. Get a bottle today. At all druggists, 25c. Advertisement.

Billy Sunday's Epigrams Made In Praise of Mothers

"The bravest battle that ever was fought,
Shall I tell you where and when?
On the maps of the world you'll find it not—
'Twas fought by the mothers of men."

Thus Billy Sunday paid his tribute in Boston to the mothers of the land when twice, afternoon and evening, to an aggregate of 26,000 people, most of them mothers, he preached his famous sermon on "Mothers." Under the spell of his sermon 1,002 men and women hit the trail.

Here are some of the high lights of Sunday's sermon on "Mothers":
"I want to tell you women that fooling away your time hugging and kissing a poodle dog, caressing a Spitz, drinking a society bran mash and a cocktail and playing cards is mighty small business compared to molding the life of a child."

"Get the boys and girls started right and the devil will hang crepe on his door, bank his fires and hell will be 'for rent.'"

"The Bible should be on every teacher's desk, and the opinion of those who are opposed to it can go to perdition."

"If men had half as much grit as women there would be different stories written about a good many homes."

"If the mothers would live as they should, we preachers would have little to do."

"Most any old stick will do for a daddy; God is particular about the mothers."

"The devil gets in many a boy by getting in his daddy first."

"When a woman's heart and a baby's tears get tangled up together, something happens that gives the devil cold feet."

"If the devils in hell ever turned pale it was the day when mother love flamed up for the first time in a woman's heart."

"No woman has any more right to raise her children for pleasure than I have to pick your pockets or throw red pepper in your eyes."

"Being a king, an emperor or a president is mighty small business compared to being a mother or the teacher of children."

"If you want to find greatness, don't go toward the throne; go to the cradle, and the nearer you get to the cradle, the nearer to greatness."

Five Million More Men Needed.
London, Dec. 14.—A supplementary estimate issued today provides for an additional 1,000,000 men of all ranks for the army service during the present fiscal year. The original estimate was for 4,000,000 men.

Colds Coughs Catarrh

A trinity of evils, closely allied, that afflict most people, and which follow one on the other, in the order named, until the last one is spread through the system, leading to many evils. But their course can be checked.

PERUNA CONQUERS

It is of great value when used promptly for a cold, usually checking it and overcoming it in a few days.
Ample evidence has proved that it is even of more value in overcoming chronic catarrh, dispelling the inflammatory conditions, enabling the diseased membranes to perform their natural functions, and toning up the entire system.
The experience of thousands is a safe guide to what it may be expected to do for you.
Liquid or tablets—both tested by the public and approved.
THE PERUNA COMPANY, COLUMBUS, OHIO

Hartford • Herald

FRANK L. FELIX
Editor and ProprietorEntered at Hartford, Ky., postoffice
as mail matter of the second class.

A Merry Christmas to all.

Germany's excuse for sinking the
Lancaster, she was flying the British
flag.From present indications, Gen.
Carranza is against anything Uncle
Sam favors.Christmas gift—we said it first—
we have you—come right on with
that subscription.Harrington a few States unreported,
the prohibition vote in the recent
November election, is about 250,000.
The Socialist vote about 750,000 to
800,000.State news editor of the Courier-
Journal, Claude W. Perry, has been
honored with a vice presidency of
the National Young Men's Democr-
atic League in New York City. This
is an honor well bestowed, for Mr.
Perry is one of the best and most
popular young newspaper men in
Kentucky. To be the recipient of
the recognition received by him at
the hands of the strongest political
organization among the young Dem-
ocrats of the nation, is no small
thing.Mr. Farmer, coal haulers, plow-
men, are you heeding the
suggestion of the preservation of the
public roads, especially those recent-
ly constructed in Ohio county? If
you should... If the suggestions
of the State Road Commissioner
are adhered to the recently
constructed macadam roads will last
many years longer than they other-
wise will. When you go to load
your wagon to go over the roads, it
will pay you to load in accordance
with the rules laid down by the
Commissioner.Congress, and those whose duty
it is to look after such matters,
should, and no doubt will, find some
way to stop, or at least, slow up the
extraneous being heaped upon the
country, especially the country news-
papers. Something needs to be done
and that without delay. The com-
mittees recently selected from differ-
ent State Press Associations to rep-
resent the craft at Washington, and
before the court of inquiry, or in-
vestigation being made by the fed-
eral authorities may, and we
hope will, be able to ascertain who
the guilty parties are and deal with
them as they so richly deserve.Herbert Quick, of the Federal
Farm Loan Board, in explaining the
relation between improved highways
and farm land values, very properly
says: "An efficient system of coun-
ty roads is vastly cheaper and
more valuable to the farmer than
the top line railroad spurs which
cannot be constructed for less than
\$75,000 per mile. The communi-
ties they serve," he says, "ultimately
pay the bills, of either." Mr. Quick
likewise says: "Good roads have a
vital effect on the value of farm
lands. If our boards are to loan
money on farms they must know the
producing value of the mortgage ele-
ment, and here is where the value
of good roads become manifest."

IF NOT, WHY NOT?

There are very strong indications
that the next President of United
States will be elected by the popu-
lar vote of the people, just as all
other public officials are elected. In
this present day of progressiveness
there is really no excuse for adher-
ing to the antiquated system of
electing the President. The majori-
ty of the people should govern in
every election, and there is no reason-
able argument against electing the
President of the United States in the
same manner as a constable is elected
—by the direct will of the people,
expressed at the polls.—[Tribune
Democrat.

Kentucky—Where She Stands.

Kentucky has the largest white
population of any State south of the
Ohio river.
Seventy-five per cent. of its popu-
lation is rural.There are more people in Ken-
tucky worth \$5,000 and over, and
more with incomes of \$2,500 per
year and over than in any State in
the South.Kentucky leads all States in the
Union in thoroughbred horses, in to-
bacco, hemp and sorghum cane. Our
tobacco crop in 1915 was 360,000-
000 pounds, more than one-third of
the total crop of America.Kentucky ranks fifth in the pro-
duction of coal.Kentucky is the tenth State in the
production of corn, showing last
year a yield of over 185,000,000
bushels.There are nearly 15,000,000 bear-
ing fruit trees in Kentucky, and lastyear Kentucky was the seventh
State in the Union in the production
of apples, our crop being 12,500-
000, worth to the producer seventy-
one cents per bushel.There are more registered Jersey
cattle in Shelby county, Ky., than in
any county in any State in America.The value of farm property in
Kentucky is over \$800,000,000, be-
ing larger than that of any other
State in the South.SUPREME COURT TO HEAR
8-HOUR TEST CASE ON JAN. 8Washington, Dec. 18.—Arguments
will be heard in the Adamson Eight-
Hour Law test case on Jan. 8, eight
days after the act goes into effect.
Chief Justice White announced to-
day that the Supreme Court would
advance the case to that date in order
to expedite it.Railroad and Government attor-
neys have reached an agreement
that the law will not be enforced
until an opinion on its constitution-
ality is handed down by the Supreme
Court.A motion to advance the case was
made by Solicitor General Davis of
the Department of Justice last week.
The test case before the court is the
Missouri, Oklahoma and Gulf Rail-
road case, in which Federal Judge
Hook held the Adamson act void.
In fixing Jan. 8, the court put the
railroad case ahead of a number of
other cases set for argument that
day.

FRENCH HOLD VERDICT GAINS

Paris, Dec. 16.—The bulletin on
the campaign issued by the War Of-
fice tonight reads:On the right bank of the Moselle
the Germans continue their advance.
They progressed in the Chaudes-
maisons and captured the village of
Betzvillers yesterday. At the close
of the day a violent German attack di-
rected against our positions on the
Cote du Poivre (Pepper Hill) was
brought up short by our fire.We have maintained in its en-
tirety our new front. Prisoners con-
tinue to be brought back, the num-
ber exceeding 9,000, of whom 250
are officers. The enumeration of
the material which has fallen into
our hands has not yet been com-
pleted, but the computation shows
that up to the present eighty-one
guns have been taken or destroyed.
The usual cannonade has oc-
curred on the rest of the front.PEONS EATING ROOTS
AND DYING LIKE FLIESEl Paso, Tex., Dec. 14.—The poor
of Guadalupe, one of the largest
mining cities of Central Mexico are
dying at the rate of 70 a day, ac-
cording to an affidavit made by an
American mining man who has ar-
rived here.The affidavit, which was forward-
ed by Government officials to Wash-
ington today, affirms also that wom-
en teachers in the parochial schools
had been mistreated by soldiers and
that church property was turned
into bull rings and barracks.The document goes on to say that
the poor were wearing native grasses
for clothing and eating roots, and
that corn sent by the American Red
Cross to relieve suffering was seized
by officials and sold at \$3.50 gold
a bushel.SCOTTSVILLE MAN FALLS
IN OIL TANK AND DROWNSScottsville, Ky., Dec. 17.—George
Greathouse, an employee of the Good

buckets of crude oil from a large
tank, was overcome by the gas
fumes and fell into the oil. His
body was recovered in a short while.
He leaves a wife and two children.
He was 39 years old.POPE TO SEND MESSAGE
TO BELLIGERENTSLondon, Dec. 15.—A Zurich dis-
patch to the Tageblatt, of Berlin, as
forwarded from Copenhagen by the
Exchange Telegraph Company, says

the Central Powers to the Vatican,
the Pope in a few days will issue a
Christmas proclamation to all the
belligerents.

Coldest Spot This Side the Pole.

Saturday's Owensboro Messenger

Harry Berry's farm, a few miles
west of Owensboro, was the coldest
place this side of the North pole
early Friday morning. The govern-
ment thermometer registered eleven
degrees below zero at Mr. Berry's
farm.Running second to Mr. Berry's
farm was the government thermom-
eter at Duluth, Minn., in the North-
west, which registered eight degrees
below zero, Green Bay, Wis., (of it.
O. Evans furniture factory fame)
finished third, with six degrees be-
low zero, Huron, S. D., evidently re-
covering from the visit of Hughes
and Fairbanks, registered only four
degrees below zero.Mountaineer's Capacity For Red
Liquor Dependent Upon WeatherFrankfort, Ky., Dec. 15.—A letter
addressed to the "Natural General,
Frankfort, Ky.," properly found its
way into Adj. Gen. J. Tandy Ellis's
mail. As it contained an inquiry as
to the amount of "licker" a man
could receive by express in a dry
county he referred it to Attorney
General Logan, who resubmitted it
to the Adjutant General, remarking
that he partook more of the nature
of a General than the head of the
legal department, who was as to ti-
tle more specific than general.Gen. Ellis responded, not only
with the information, but amplified
it with advice as to quantity, ac-
cording to circumstances indicated
in the communication.The letter read: "The Natural
General, dire sire I don a favor for
you december, 1915 I am going to
ask you to tell me how much
whisky the law give me the rite to
have shipped to me buy express ate
one time for my one use"I have to use some whisky in
cold wether and I can save 90 cents
by buying 2 galons ate one time the
clame here Estill Co thate I galon
is all that can be shipped ate one
time I hope you dou favor for me.
yours terweley."In reply Gen. Ellis said:
"Your letter of December 13 was
referred to the Attorney General
and then back to me for answer, and
it is a pleasure to respond with all
the information which I can gather
for your benefit. The law in this
regard is, interpreted in variousways in different communities and
pretty much governed by the quality
of the article procured and its con-
sequent influences. However, under
a strict construction, a man can
have all the booze shipped into him
that he desires, if he can prove that
it is for his own personal use, and
from what you write you require
from two to four gallons per month
during the winter season, according
to the rise and fall of the thermom-
eter, and I would judge from the
present weather indications that it
would take about two gallons of
good liquor and four gallons of
'squirrel' to answer the purpose. If
you can save 40 cents on the gallon
I would suggest that you lay in a
barrel; for the weather prophets do
not give us much comfort in regard
to warmer times. Asa Martin, of
Lexington, who uses a turkey bone
or a coon bone for his prognostica-
tions, says that we will have cold
wether up to the middle of May.
If this is true it might be advisable
for you to stack up three or four
jugs on the barrel."There is considerable agitation,
as you know, in regard to State-
wide prohibition. I do not know
how this will work out, but if the
talk around in your community is
pretty strong along this line it
might be a good idea to lay in two
barrels."I most sincerely wish you a joy-
ous and hilarious Christmas. Very
truly yours,
J. TANDY ELLIS."READY TO ENTER INTO
PEACE NEGOTIATIONSImperial Government Declares
In Note Presented to
Cardinal Gasparri.Berlin, Dec. 14.—The following
note was presented today by Dr. von
Muenchberg, German Minister to the
Vatican, to Cardinal Gasparri, Papal
Secretary of State."According to instructions receiv-
ed I have the honor to send to Your
Emminence a copy of the declaration
which the Imperial Government to-
day, by the good offices of the pow-
ers entrusted with the protection of
German interests in the countries
with which the German Empire is in
a state of war, has transmitted to
these States, and in which the im-
perial Government declares itself
ready to enter into peace negotia-
tions. The Austro-Hungarian, Turk-
ish and Bulgarian Governments also
have sent similar notes."The reasons which prompted
Germany and her allies to take this
step are manifested. For two years
and a half a terrible war has been
devastating the European Continent.
Unlimited treasures of civilization
have been destroyed. Extensive
areas have been soaked with blood.
Millions of brave soldiers have fallen
in battle and millions have re-
turned home as invalids. Grief and
sorrow fill almost every house."Not only upon belligerent
nations but also upon neutrals the
destructive consequences of the gi-
gantic struggle weigh heavily. Trade
and commerce, carefully built up
in years of peace, have been depressed.
The best forces of the nations have
been withdrawn from the produc-
tion of useful objects: Europe,
which formerly was devoted to the
propagation of religion and civiliza-
tion, which was trying to find solu-
tions for social problems and was
the home of science and art and all
peaceful labor, now resembles an
immense war camp, in which the
achievements and works of many
decades are doomed to annihilation."Germany is carrying on a war of
defense against her enemies, which
aim at her destruction. She fights
to assure the integrity of her front-
iers and the liberty of the German
nation, for the right which she
claims to develop freely her intel-
lectual and economic energies in
peaceful competition and on an
equal footing with other nations."Certain of our strength, but
realizing Europe's sad future if the
war continues; seized with pity in
the face of the unspeakable misery
of humanity, the German Empire,
in accord with her allies, solemnly
repeats what the Chancellor already
has declared, a year ago, that Ger-
many is ready to give peace to the
world by setting before the whole
world the question whether or not
it is possible to find a basis for an
understanding."Since the first day of the Ponti-
fical reign, His Holiness the Pope
has unwaveringly demonstrated, in
the most generous fashion, his so-
litude for the innumerable victims
of this war. He has alleviated thesufferings and ameliorated the lot
of thousands of men injured by this
catastrophe. Inspired by the exal-
ted ideas of his ministry, His Hol-
iness has seized every opportunity in
the interest of humanity to end so
sanguinary a war."The Imperial Government is
firmly confident that the initiative
of the four powers will find friendly
welcome on the part of His Hol-
iness, and that the work of peace can
count upon the precious support of
the Holy See."IMMIGRATION MEASURE
AGAIN PASSED BY SENATEWashington, Dec. 15.—The im-
migration bill containing the re-
strictive literacy test for admission
of aliens which has caused three
Presidents to veto such a measure,
was passed by the Senate today, 64
to 7. The bill, as amended in the
Senate, now goes to conference. It
passed the House last session.The Senate reconsidered the
clause designated to exclude anar-
chists who teach destruction of prop-
erty as a propaganda. An amend-
ment by Senator Hardwick for the
committee, permitting entry of per-
sons who advocate or teach destruc-
tion of property "in war, insurrec-
tion or revolution" but not other-
wise, was adopted.Authoritative statements have
been made that President Wilson in-
tends to veto the bill a second time
because of a literacy test. In this
event, an effort will be made to pass
the bill over the veto, two-thirds
majority in each House being re-
quired. The bill passed the House
last April by a vote of 308 to 87,
more than a two-thirds majority,
and the Senate vote today, if repeat-
ed, would be sufficient to override
an executive veto.ARMY RECRUITING
EXCEEDS EXPECTATIONSWashington, Dec. 15.—Recruit-
ing for the regular army has exceed-
ed the expectations of the War De-
partment, the House Military Com-
mittee was told today by Adj. Gen.
McCain, and on October 31 the en-
listed strength was only 19,000 less
than authorized. Gen. McCain said
he believed the army would be filled
up completely by July 1 and that it
would be possible also to recruit the
1918 increase provided by the na-
tional defense act."Recruiting last year was the
most difficult in the experience of
the War Department," Gen. McCain
said, "because of high wages out-
side. The recruiting service is just
teaching its maximum efficiency.
We are working in every county in
the United States."TO PRESS \$30,000,000
PUBLIC BUILDING MEASUREWashington, Dec. 15.—Plans for
pressing a \$30,000,000 Omnibus
Public Building bill at this session
of Congress were practically agreed
upon at conferences yesterday
between members of the House Rules
and Public Building Committees.
The Rules Committee probably will
meet tomorrow to consider a special
rule to expedite the bill after the
holiday recess. The measure was
reported last session but deter-
mined opposition prevented action.COME TO
Carson's & Co.'s
and see the display of

women and men at low prices.
Only three days more until X-mas, come and get
your choice.Carson & Co.
(Incorporated.)EVIDENCE OF A
"CRIME MACHINE"
Accepted By Illinois Court When
Confessed Murderer is Ad-
judged Insane.Springfield, Ill., Dec. 16.—A
"crime machine," which automati-
cally reveals the guilt or innocence
of a person, has been perfected, and
its findings have been presented as
evidence in a courtroom.The "pneumograph," as it is
known, has been perfected by Dr. A.
A. Dollear, of Jacksonville, and its
findings presented in the Circuit
Court of Pike county in a murder
league, Dr. Frank P. Norbury, of
Springfield.The records of the pneumograph
were presented to prove that George
Brokaw, self-confessed murderer of
his son Roy, was insane. The inves-
tigations made with the machine, on
Brokaw were continued by Dr. Nor-
bury and Dr. Dollear over a period
of several weeks at a sanitarium at
Jacksonville.The evidence was presented in the
Pike County Circuit Court at Pitts-
field before Judge W. R. Hickman,
and on the strength of this evidence
the jury this morning gave a verdict
adjudging Brokaw insane, and he
was sent to Chester by Judge Hick-
man.The "pneumograph" is based on
the scientific discovery that all the
emotions affect the breathing di-
rectly.MATRON ORDERED CATS
TOSSED INTO FURNACEMarion, O., Dec. 14.—Charged by
Humane Officer W. J. Ush with
keeping seven year-old Harry
Bland to know two half-gra cats
into the furnace at the Waddell Chil-
dren's Home because she did not
want to be bothered with them, Mrs.
Mary E. Black, Matron of the Home
and wife of David E. Black, the Su-
perintendent, was arrested today on
a charge of cruelty to animals.Mrs. Black pleaded not guilty and
her hearing was set for Thursday.
One of the cats, it is alleged in the
affidavit, managed to crawl out of
the box into the asphalt, where
it was killed and howled all night.The next morning, when the jan-
itor opened the asphalt door, it leaped
into his face. Its legs were partlyburned off, and one eye had burst
from the heat, it is alleged.
Later—Mrs. Black was acquitted
of the charge, on trial.REDUCED RATES GIVEN
BY RAILReduced rates will be given
railroads for persons desir-
ing to attend the County Road E-
meeting at Bowling Gree-
tucky. Rates will be in effect, Jan-
uary 15th to 19th, and good
until the 21st. Such an arrange-
ment has been made possible through
efforts of the State Board of De-
ment. Final details will be give
out some two weeks before the
meeting.The officers of the Kentucky Rock
Asphalt Company near Bowling
Green are arranging to give a free
trip to all delegates who wish to
visit the Kentucky Rock Asphalt
mines. Professor H. H. Cherry has
gladly consented to co-operate in
every way possible to make the meet-
ing an entire success and has offered
the use of one of the rooms at the
College as a suitable place for hold-
ing the meeting. Final details,
however, have not as yet been work-
ed out as to the Convention Hall.Quite a few material men have
signified their intention of
on an exhibit and it may be
general that all men interested,
road building are endeavoring to
make the meeting a success you get
particular.BET ALL HE HAD ON
WILSON AND COLED.Webb Mitche', of Eagle Creek,
Marion county, has just seen of
in colloing all his bets he had
the election. He wagered
along he had on the election of Pres-
ident Wilson, beginning with his au-
tomobile, then his house and farm,
horses, cattle, hogs, his crops, and
won. Besides he won about \$900 in
cash.

Got There First.

Mrs. Hicks (relating burglar
story)—Yes, I heard a noise and
got up, and there under the bed
saw a man's legs.Mrs. Wicks—Merely! The
lads?
Mrs. Hicks—No, my husband
he had heard the noise, too—
don Saturday Journal.FOR SALE—Five hundred bush-
els of corn and fifteen to twenty
thousand pounds of hay.F. L. FELIX,
Hartford, Ky.

X-mas at Fair's!

For a full line of Candies, Oranges and Apples see R. L. DEVER & CO. 5012

Old newspapers for sale at The Herald office. Nice and clean—big bundle for 5c.

Don't forget Acton Bros. for that piece of new Furniture that you want for Xmas. 5012

A full line of Assorted Fireworks

R. L. DEVER & CO. 5012

Acton Bros. are headquarters for Christmas Toys and Notions for the children. 5012

For a rest and an enjoyable evening attend Dr. Bean's Moving Picture Show. New reels each night.

What about it? A county of about 27,000 population; only five

days until Christmas and there has not been a marriage license issued from the County Court Clerk's office since the 6th of December.

Mr. John T. Moore, of Elizabethtown, spent Monday and Tuesday in Hartford shaking hands with his old friends.

All kinds of presents, from Toys to the most useful articles, are to be found at the Ohio County Drug Company.

Miss Florence Logan visited friends in Louisville from Wednesday until Monday, when she returned home.

Buy your Candies, Mix Nuts, Peanuts, Celery, Grapes, Oranges and Fancy Fruits of all kinds from Acton Bros., Hartford, Ky. 5012

Miss Clara Patton, Hartford, R. R. 2, is visiting her uncle and aunt, Mr. and Mrs. J. R. Patton, Livermore, Ky.

When in need of Stoves don't forget the store that can save you money. ACTON BROS., 4814 Hartford, Ky.

Col. H. P. Taylor and wife visited their son and daughter, Mr. and Mrs. Jno. P. Taylor, of Chicago, a few days last week.

Come in and let us show you our full line of new Furniture. ACTON BROS., 4814 Hartford, Ky.

Superintendent Ozna Shults mailed out checks to the various teachers the first of the week for their monthly salaries.

FOR SALE—Mammoth Bronze Toms, \$5 each.

MRS. BEN H. BENNETT, Hartford, Route 1.

Mrs. Dr. N. Barnett visited friends and relatives at Fordsville and in Breckenridge county from Monday to Thursday. [Caneyville News.]

Mr. J. P. Sanderfur has sold his 46½-acre tract of land at the farm end of the Fair Grounds to Mr. J. W. Wilson. Consideration, \$1,500.

Mrs. A. D. White, who met with a painful accident, mention of which was made in these columns last week, is getting along as well as could be expected.

Not many know that the walnut trade is assuming the proportion it is. Mr. Henry Pirtle, secretary of the A. S. of E., informs us that he has recently purchased 500 pounds of walnuts and shipped to points in

the northwest. The price paid here being 2 cents per pound or 80 cents per bushel.

Go to Nelson's Blue Front Cash Grocery for your Oranges and Apples—none better and prices right.

Others are coming in and subscribing for The Herald for a Christmas gift to relatives and friends. Why not you?

The delivery of tobacco at the two Hartford warehouses has been very light the past week owing to the lack of a season.

Young Misses Ernie and Verdie Brown, daughters of Mr. and Mrs. Roy Brown, of near town, were pleasant callers at The Herald office Saturday afternoon.

Manager Nelson, of the Blue Front Cash Grocery Store, has moved his stock into the Heavrin-Barnes building on Main street, and is now open for your trade.

Judge C. M. Crowe has been appointed and assumed his duties as Police Judge of Hartford. His commission from Governor Stanley came in the latter part of last week.

In getting up your fruit list for Xmas don't forget that Nelson's Blue Front Cash Grocery on Main street has Oranges and Apples as good as the best and cheap as the cheapest.

We have a lot of Woven Wire Fences, which we purchased before the advance in price. It will pay you to see us before buying.

ACTON BROS., 4814 Hartford, Ky.

Supt. Starks, of the Henderson Division of the L. & N. Railroad, spent a few days in Hartford last week looking over the section of the road. It is believed another repair will be put on the line of the year.

Winter is here and the weather is cold. We have the best thing for this kind of weather that you ever saw and that is a Hot Blast Coal Heater. ACTON BROS., 5012 Hartford, Ky.

The following are among The Herald's recent callers: Elbert Hazelwood, G. J. Stewart and Ronda Lake, Hartford, Route 5; James Leach, Horton; Ray Birch Shields, Beaver Dam; J. W. Wilson, Miss Bessie Morton and A. B. Pate, city.

We have some bargains in Cut Glass, Chandeliers, Serving Trays, Ivory and Ebony Sets and a special price on Leather Bound Dictionaries, Holly Paper and Christmas Cards and Seals. Come and see. OHIO COUNTY DRUG CO.

You might go down the Ohio and complete the Circuit, but you would come back a sad Court those delicious aroma producing lunches at Don Tichenor's Restaurant. Go there for your Meats, Cold Drinks, etc. Once there you will go again. 4914

M. W. W. Browder, County Agent for Ohio county, left last Friday for Clinton and Almstead, Ky., for a two weeks vacation. Mr. Browder has been a most efficient and faithful agent and well deserved this two weeks vacation.

Mr. Don Tichenor, one of Hartford's most popular young business men, has sold his restaurant on Main street and left yesterday for Crescent City, Florida, where he contemplates locating. Don knows the value of printer's ink and will be a success wherever he goes.

Dr. B. Tichenor, son Don Tichenor, and John Glenn left yesterday morning for Crescent City, Florida, where they go prospecting with the view of making their home in the future. These are all good people whom we regret to lose from our town. Mrs. Tichenor will remain in Hartford for a month or six weeks.

Farm For Sale—180 acres, 1½ miles east of Hartford, divided by L. & N. railroad. 50 acres good bottom land, 100 acres cleared. Good water supply. Will sell one-half if desired. Excellent title and price is right. Location could hardly be better. Apply to L. P. FOREMAN, Hartford, Ky. 4914

Mr. and Mrs. M. L. Heavrin, who were called to Washington, D. C., December 3d, on account of the serious illness of Mr. Roy Heavrin, Mr. Heavrin's brother, arrived home Monday afternoon, his brother, who had been very ill of pneumonia, now being better and pronounced out of danger by his physician.

Leave your Laundry at Casebler's Pool Room, Agents for the White Swan Laundry of Evansville, Damaged garments promptly replaced. Work called for at Hartford residences on Monday and delivered by the following Thursday. Special attention to out-of-town customers. Open day and night. Opposite Republican building. 4914

Mr. W. R. W. Hoeker, better known as Uncle Weaver, was brought before County Judge Jno. B. Wilson, Monday, under the charge of lunacy. A jury was im-

paneled and after hearing the evidence he was declared to be of unsound mind and was taken to the asylum at Hopkinsville, Monday afternoon. Uncle Weaver is 80 years old and this is a peculiarly sad ending of a useful life.

Mr. W. G. Duncan and wife, of Greenville, went to Bessemer, Ala., the first of this week to spend the holidays with their son and daughter, Rev. and Mrs. Swallow. After the holidays Mr. and Mrs. Duncan will go to Florida, where they will spend the winter months.

At a called meeting of the City Council last Monday afternoon, Mr. W. H. Hurton tendered his resignation as marshal of the town of Hartford. Same was accepted and Mr. Perry Casebier was elected in his stead. The resignation of Mr. Hurton was the sequel to his failure to arrest Raymond Phillips, who was drunk and very disorderly on the streets last Sunday afternoon, and who was finally arrested by Sheriff S. O. Keown, and with the assistance of bystanders, placed in jail where he remained until Monday morning when he went before Police Judge C. M. Crowe and entered a plea of guilty and a fine of \$10 and costs was assessed against him, which was repaid and he was released. Phillips is a good citizen when sober and he said to his credit, rarely ever goes on a tantrum, but when he does, seems to lose all reason. This was his plight Sunday afternoon.

PRIOR RINGO HURT WHILE ON GUARD DUTY

The Owensboro Inquirer of Dec. 15th, says:

Information has been received in Owensboro regarding an accident to Rayer Ringo, 20-year-old son of Mr. and Mrs. Ben W. Ringo, a few days ago near Fort Bliss, El Paso, Tex. Young Ringo enlisted when President Wilson called out the State troops. He is in the signal corps, stationed near Ft. Bliss. While doing mounted guard duty, his horse stepped in a hole on the prairie and fell to the ground, the fall breaking the animal's neck. The horse rolled over on his rider, but Ringo finally succeeded in pulling himself away. However, he was considerably bruised and is now confined in the hospital at Fort Bliss. A letter from the officials at that Fort to Mr. Ringo stated that while the young man would be confined up the hospital for some time, he was not seriously injured.

Miss Duke Entertains.

One of the most delightful social functions of the season was a theatre party given at the Star, Friday evening by Miss Verna Duke. After the theatre the guests retired to the dining room of the Commercial Hotel where a course dinner was served.

The dining room was profusely decorated in red carnations and evergreens. A basket filled with red carnations surrounded by silver candle sticks bearing red tapers, formed the center piece for the table. The red color scheme was tastefully carried out through the dinner. The sandwiches were tied with red ribbon and each guest was given red carnations as favors. Covers were laid for the following: Misses Willie Smith, Clara Robertson, Hettie Riley, Mrs. E. G. Barrass, Ruth Riley and Verna Duke. Messrs. E. Y. Park, Clarence Igleheart, Henderson Murphree, A. D. Kirk, Mack Fogle and E. G. Barrass.

Miss Winnie Davis Simmerman also recently entertained a number of her friends in honor of her guest, Miss McKinney, with a theatre party at the Star, witnessing the film featuring Blanche Sweet. An elegant lunch was served at the Ohio County Drug Co. after the show.

Ohio County Couple Married.

Miss Myrtle Eta Corley, of White Run, Ky., and Mr. Edward Wedding, of Hartford, were married Monday in the offices of the County Judge by Judge Lancaster. The couple left after the ceremony for Hartford where they will reside.—Owensboro Messenger.

We Cure For Dumb Beasts.

We have opened a hitch and feed stable in the building recently occupied by Cooper & Co., and are ready to meet your wants in that line. Leave your horse where you know it will be cared for.

TAYLOR & CRABTREE, Hartford, Ky. 5112

Stock Notice.

All those who have stock to ship about January 1, 1917, will please notify us at once.

J. S. CECIL, HENRY PIRTLE, Committee.

Like To Hear You Say That.

Dumas, Ark., Dec. 5, 1916. Dear Sirs:—For the enclosed \$1.00 please keep the paper coming.

Very truly, L. M. GARY.

CHRISTMAS

We have Watch Bracelets, Watches, Rings, in fact anything to be had in a First-class Jewelry Store. My stock is new and up-to-date. Come in and let me convince you both as to

QUALITY and BARGAINS.

Watches, Clocks and Jewelry Repaired. Eyes tested and glasses fitted.

R. W. KING,
Jeweler and Optician,
Beaver Dam, Ky.

LAND FOR SALE.

We will sell at the court house door in Hartford, Ky., on Monday, the first day of January, 1917, at about one o'clock p. m., by public auction, 210 acres of bottom land, situated 2½ miles west of Hartford. This land lies immediately on the north of Rough river—40 acres in fine state for cultivation, remainder in woods. This is high bottom land and can be easily drained to river which binds it on south and public ditch which binds it on north. Terms of sale: One-third cash, remainder on time. For further particulars call on or address, WAYNE STEVENS, Hartford, Route 5. Or W. M. HEFLIN, Hartford, Route 7.

FAIRM FOR SALE.

270 acres of land, 200 acres is bottom land, underlaid with coal. Plenty of water, timber and buildings. Between Rochester and Beaver Dam.

MRS. E. P. NEAL, 211 North Boulder St., Tulsa, Okla. Or S. A. DAVENPORT, Rochester, Ky.

For Sale Or Rent.

I have a good farm both bottom and upland with plenty of water and timber that I desire to sell. Also for good young horses or will sell the stock and rent the farm to the right party. Will sell the land on easy terms.

ALBERT C. ...

BARROOMS MUST GO TO CHECK PROHIBITION WAVE

Reduction of Alcohol in Beer Also
Favored By Brewers' Association.

Chicago, Dec. 14.—Reduce the volume of alcohol in beer to three per cent. so as to make it a temperance drink is the proposal of the leading brewers of the country as a means of checking the prohibition wave which threatens to sweep away the great brewing industry.

The brewers also join the ranks of those who are fighting to do away with the bar room. They propose in the place of the saloon, a place resembling a restaurant into which women will not be ashamed to enter.

The opinions of the brewers were gathered by the American Brewers' Review. The consensus shows that the brewers want to bring about these changes:

Elimination of the bar.
Keep drinking places open to view from the street and do away with all secrecy.

Win for places where beer is sold such a character that a man will not hesitate to take his wife into them.

Convince the public of the error of the idea that beer is strong drink. Separate the sale of beer from the sale of whiskey.

Have the brewery industry aid in the enforcement of all laws relating to the sale of liquors.

New issues and new leadership for the brewing industry.

Some of the brewers were in favor of only two per cent. of alcohol in beer, but a majority seemed to prefer three per cent. as the maximum. At present light beers average about six and a half per cent alcohol and ale and porter about seven per cent.

NOTABLES RESPOND TO QUESTION

New York, Dec. 14.—Replies received from men of prominence in answer to the question "What is the greatest safeguard against temptation?" were read tonight by Rev. Andrew's Methodist Church. Some of the answers were:

"High aims." Andrew Carnegie.
"Influence of a good mother." Dr. Lyman Abbott.
"The will to resist." Oscar S. Straus.

"Influence of a good home to those who have it and fear to those who have not." Booth Tarkington.
"Knowledge." Arthur Brisbane.
"Will." Irving Bacheller.
"Healthy interest in good things." Sir Rabindranath Tagore.

Dr. Adams, welding the replies he had received into a composite, declared the real answer to be:

"Association with the best as revealed in Christ."

Yuletide Again.
The Yuletide season is with us again.

It is with us, but not of us, for much of the earth knows little of joy today.

Upon many millions of people the sun shines as brightly as in the days of old, but its lustre is dimmed by the shed blood of suffering humanity.

The benign smile of the Divine One is as tender and as loving as when the world was young, but the twentieth century finds too many of the human race bent upon pleasure, and profit, and revenge, and forgetful of the beauties of life as seen through eyes that are better and holier than ours.

It is with this knowledge that the people of our little community approached the Yuletide time, when all should be sunshine, and gladness, and joy.

But if we may not sway the rest of the world, if our voice be not heard beyond the confines of our own hearth, we yet may look upward with a feeling of gladness and thankfulness that the horrors that are engulfing the rest of the world have at least passed us by.

We may be thankful that we have even an hour of peace and prosperity for our country, though no one knows when the withering hand of the blight of the century may be spread over our own fair land.

Let us be joyful today, but let us mingle that with compassion for the stricken ones of other lands, to whom the Yuletide season is but a mockery and an agonizing delusion.

WHY SUFFER?
We have discovered a wonderful cure of dyspepsia and indigestion, simple and harmless, yet effective and permanent. Send \$1.00 for formula. You should have it always ready for emergency. It may save you untold suffering.

Teutons Never Will Be Conquered By Entente Allies, Austrians Claim

London, Dec. 14.—An official Austrian statement, referring to the peace offer, says:

"When, in the summer of 1914, the patience of Austria-Hungary was exhausted by a series of systematically continued and ever-increasing provocations and menaces, and the monarchy, after almost 50 years of unbroken peace, found itself compelled to draw the sword, this weighty decision was animated neither by aggressive purposes nor by designs of conquest, but solely by the bitter necessity of self-defense, to defend its existence and safeguard itself in the future against similar treacherous plots and hostile neighbors.

"That was the task and aim of the monarchy in the present war, in combination with its allies, well tried in loyal comradeship in arms, the Austro-Hungarian army and fleet, fighting, bleeding, but also assailing and conquering, gained such successes that they frustrated the intentions of the enemy. The quadruple alliance not only has won an immense series of victories, but also holds in its power extensive hostile territories. Unbroken in its strength as our intrepid trencherous enemy has just experienced.

"Can our enemies hope to conquer or shatter this alliance of powers? They will never succeed in breaking it by blockade and starvation measures. Their war aims, to the attainment of which they have come no nearer in the third year of the war, will in the future be proved to have been completely unattainable. Useless and unavailing, therefore, is the prosecution of the fighting on the part of the enemy.

"The Powers of the quadruple alliance on the other hand have effectively pursued their aims, namely, defense against attacks on their existence and integrity, which were planned in concert long since, and the achievement of real guarantees, and they will never allow themselves to be deprived of the basis of

their existence which they have secured by advantages won.

"The continuation of the murderous war, in which the enemy can destroy much, but cannot, as the quadruple alliance is firmly confident, alter fate, is ever more seen to be an aimless destruction of human lives and properties, an act of inhumanity justified by no necessity and a crime against civilization.

"This conviction and the hope that similar views may also be begun to be entertained in the enemy camp, has caused the idea to open in the Vienna Cabinet—in full agreement with the Governments of the allied (Teutonic) Powers—of making a candid and loyal endeavor to come to a discussion with their enemies for the purpose of paving a way for peace.

"The Governments of Austria-Hungary, Germany, Turkey and Bulgaria have addressed today identical notes to the diplomatic representatives in the capitals concerned, who are entrusted with the protection of enemy nationals, expressing an inclination to enter into peace negotiations and requesting them to transmit this overture to enemy states. This step was simultaneously brought to the knowledge of the representatives of the Holy See in a special note and the active interest of the Pope for this offer of peace was solicited. Likewise the accredited representatives of the remaining neutral states in the four capitals were acquainted with this proceeding for the purpose of informing their Governments."

"Austria and her allies by this step have given new and decisive proof of their love for peace. It now is for their enemies to make known their views before the world. Whatever the result of its purpose, may be, no responsibility can fall on the quadruple alliance, even before the judgment seat of its own peoples, if it is eventually obliged to continue the war."

Deadly Electric Wires Along Dutch-Belgian Frontier

The exceedingly strong appeal from Holland to the United States and other neutral countries must indeed be provoked by unbearable conditions in Belgium. It profoundly stirred even a world almost teeming with the loud, monotonous cry of the outraged, and grown accustomed, if not indifferent, to wholesale human slaughter. Though the Germans have erected deadly electric barriers along the Dutch-Belgian frontier and picketed it with German sentries, overwhelming evidence of the cruelty with which Belgium is being enslaved filters thru and becomes "more vivid every day." From the fugitives, says the Dutch appeal, "we hear the painful details of the unutterable despair of the women and children who are left behind and the agonizing scenes which take place when husbands, brothers and sons, dragged from their homes and women folks, are packed into cattle and freight cars and thus transported slaves to an unknown destination and to an unknown fate." The above picture depicts an incident on the wired border. It is alleged that a citizen of Barle-Duc, Holland, while approaching the barrier to speak with his daughter, who lives in Londerengen, Belgium, was fired upon and killed by a German sentry.

DOLLAR BUSHEL CORN FOR HICKMAN FARMERS

A special from Hickman, Ky., says: For the first time in forty years, corn sold in Hickman last week on one day at \$5 a barrel, or \$1 a bushel at the car. The crop in this section was cut down considerably by the long drouth of the summer, but those who have any crop at all are getting excellent prices for it, as well as for their cotton. Many people in this section never saw corn in the ear this high before.

Crop Estimates.
The United States Department of Agriculture has made estimates of the crops in the United States as follows:

Corn, 2,643,508,000 bushels.
Buckwheat, 11,447,000 bushels.
Potatoes, 288,964,000 bushels.
Sweet potatoes, 67,663,000 bushels.

Tobacco, 1,145,530,000 pounds.
Flaxseed, 15,300,000 bushels.
Pears, 10,377,000 bushels.
Apples, 67,695,000 bushels.
Sugar beets, 7,416,000 bushels.
Kaffirs, 61,024,000 bushels.
Onions, 11,050,000 bushels.
Corn on farms, November 1, 1916, 634,000 bushels.

by no means the only assaults upon her neutrality Holland has suffered. And this Dutch appeal to the neutral world to put an end to the "hellish scourge" in Belgium is all the more significant—all the more generous and courageous because of the very precarious position of Holland herself. Look at the map. Germany could readily attack the little land from the eastern frontier and from Belgium. She now completely surrounds the Dutch province of Dintburg. Supposing Holland did go to war against Germany, she might put 300,000, perhaps even 500,000, soldiers in the field. But how long would it be before the Germans, with armies equally large—in all probability much larger than the whole Dutch force—would be sweeping into their territory.

Though the allies should support her with 250,000 troops, it would take very valuable time to get them in place on Dutch soil. Things move quickly in modern war when only a frontier is to be passed. Consider the Germans' "cannon-hall plunge" through Belgium, Serbia and Roumania—the latter having been far readier for intervention than Holland is.

These undeniable facts are impressive comment on the urgency of Holland's plea for collective action against "tyranny" which "is not to be borne in patience."

Owensboro Market.

Owensboro, Ky., Dec. 14.—The best prices for tobacco this season prevailed on the five loose-leaf floors in Owensboro today. During the day there was sold 174,790 pounds at a general average of \$11.22, the highest day's average of the year. The record price for leaf was paid on two of the floors, several baskets going for \$23.50 per hundred pounds, the highest paid for tobacco in Owensboro since the Civil War. Very little of the trash being offered for sale is going under \$8. There was a quantity of \$10 trash on the floors today.

Ben Johnson Six Times Grandfather.
Washington, Dec. 14.—Ben Johnson now is six times a grandfather. A cablegram received today informed him of the birth, at Panama, of a son to his daughter, Mrs. Roscoe Crawford, formerly Miss Nancy Johnson.

BELGIUM THANKS AMERICA FOR DEPORTATION PROTEST

Deep Gratitude of Little Nation
Expressed By Minister to
United States.

Washington, Dec. 14.—Belgium's gratitude to the United States for its representations to Germany was expressed by Minister Havelnht today in a letter delivered personally to Secretary Lansing. The letter follows:

"I have the honor to inform your excellency that I have received instructions to express to you the deep gratitude of His Majesty's Government for the noble action which the Government of the United States has been good enough to take in approaching the German Government on the subject of the deportations of Belgian civilians to Germany, and for the great interest taken by the United States Government in the defense of the unfortunate Belgian communities which have already undergone such cruel trials.

"In exile and slavery, in which these unhappy people are being dragged by an oppressor who no longer knows any law, either of God or of man, they have the moral support of hearing the voice of this noble country proclaiming the new immutability of those principles of justice and freedom which are so dear to all civilized people, but above all dear to the United States, for in defense of those principles one of the greatest of her Presidents, Abraham Lincoln, gave all, even his life blood."

First Chief Makes Kiek.

Mexico City, Dec. 14.—Persons arriving here today from Queretaro, who are believed to be in a position to speak accurately, give the strong impression that General Carranza has not approved unqualifiedly the protocol submitted to him as a result of the discussions between the Mexican and American Commissioners at Atlantic City, and that any tentative approval on the part of the Mexican Commissioners, through Alberto J. Pani, depends on the fixing of a definite date for the withdrawal of General Pershing's troops, irrespective of conditions.

According to press reports the protocol provides for withdrawal of these forces within 40 days if conditions should warrant.

It is believed objection also has been raised to granting the right of unlimited pursuit of bandits.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists.

COMPANY MUST REPAIR— STRIKERS RESTRAINED

Toledo, O., Dec. 14.—A temporary
order was issued in United States
District Court here today to compel
the Ohio State Telephone Company
to repair its service, put out by
striking linemen. The order also
restrains the strikers from interfer-
ing in any way with the repair work.
The court action resulted from a
petition filed by business men ask-
ing intervention. More than 4,000
telephone lines have been cut by the
strikers, company officials announced
today.

The strike is in its fifth week.

LOSSES SUFFERED BY GERMAN ARMY

London, Dec. 14.—The total Ger-
man casualties, excluding those in
the naval and colonial services, re-
ported in the German official lists
for November, says a British official
statement issued today, was 166,176
officers and men, making the total
German losses in killed, wounded
and missing since the war broke out
3,921,869.

HORSE MEAT NOW 30 CENTS POUND IN BERLIN

Berlin Dec. 14 (via London, Dec.
15).—Owing to the steady advance
in the price of horse meat a maxi-
mum price of 39 cents a pound for
the best cuts, liver and sausage has
been fixed by the authorities.

Twenty-Four Buried.

Paris, Dec. 14.—Two lives have
been lost and several persons were
badly injured as a result of an avan-
che that destroyed the Children's
Sanatorium, Waldheim, at Pontres-
na, in the upper Engadine, Switzer-
land, according to a dispatch today
from Berne.

Twenty-two children and two wo-
men teachers were buried by the
slide, but workmen and soldiers suc-
ceeded in digging them out alive
with the exception of two children,
who were found dead. Some among
the buried were seriously injured.

Rescued After Being Buried.

London, Ky., Dec. 14.—William
Williams, a farmer engaged in road
work for the county, was rescued
yesterday by his partner, Jewell
Buckingham, after a "gravel slide"
had buried him. The men were
loading a wagon when the "slide"
started. Buckingham leaped out of
the way. Williams was buried and
Buckingham worked until he re-
scued him and dragged him to safety.
Williams suffered a double fracture
of the left leg.

Big Majority For Sale.

Copenhagen, Dec. 14.—Plebiscite
held yesterday on the question of
the sale of the Danish West Indies
to the United States resulted in 283,-
000 votes in favor of the sale and
157,000 against it.

A coat of paint will sometimes
make an old house look almost as
good as new, but the same rule
doesn't apply to a woman.

FAVORABLE REPORT BY THE COMMITTEE

On Dry Amendment—Vote In
House After Holidays—Big
Surprise Sprung.

Washington, Dec. 14.—Nation-
wide prohibition took a long step to-
ward congressional consideration to-
day when the judiciary committee
reported with a recommendation for
the adoption of a resolution author-
izing the submission to the States
the constitutional amendment for
bidding the manufacture and sale of
liquor for beverage purposes in the
United States.

Even the most enthusiastic cham-
pions had not expected favorable ac-
tion upon the resolution so soon from
the committee, which last ses-
sion postponed consideration indefi-
nitely.

How far the resolution will go to-
ward passage is problematical, as it
is doubted that it will reach the
Senate in time for action this ses-
sion. The judiciary committee by a
vote of 12 to 7 ordered a favorable
report on resolution.

The proposed universal suffrage
amendment was ordered reported
without recommendation.

The vote on the suffrage proposal
was 11 to 8. The resolution by
Representative Raker would submit
the several Susan B. Anthony
amendment was a surprise to its

The reporting of the suffrage
amendment was a surprise to its
supporters. The designation of Rep-
resentative Walsh, of Massachusetts,
an anti-suffragist, to succeed Rep-
resentative Moss, of West Virginia, as
a member of the committee a few
days ago, was generally believed by
many suffrage leaders to have dealt
a death blow to their chances of hav-
ing any sort of a suffrage resolution
report this year.

Provision Of Bill.

The proposed prohibition amend-
ment, drawn by Chairman Webb,
follows:

"Section 1. That the sale, manu-
facture, transportation for sale, and
importation for sale, of intoxicating
liquors for beverage purposes in the
United States and all territories sub-
ject to the jurisdiction thereof, and
exportation thereof, are forever pro-
hibited.

Section 2. That the congress and
the states shall have power indepen-
dently or concurrently to enforce
this article by all needful legisla-
tion."

PLANS INVASION TO PILLAGE BORDER TOWNS

El Paso, Tex., Dec. 14.—Francisco
Villa announced in Chihuahua City
he intended to divide his men into
groups of twenty-five each and dis-
tribute them along the American
border and in the interior of the
United States to loot and burn prop-
erty under his instructions, a letter
received from a prominent Chihuahua
City business man and forwarded
to Washington today states.

Villa, while in the State capital,
declared his intention of raising an
army of 25,000 men, but denied he
intended to attack Gen. Pershing's
column, the letter added. These
statements, according to the letter,
were made to the meeting of mer-
chants called by Villa.

Villa, the Chihuahua City busi-
ness man wrote, said he would have
his men in the border States issue
proclamations calling upon the Mexi-
cans living on the American side to
"rise in rebellion against the United
States" and join his army, the letter
stated.

Villa also said he had 2,000,000
rounds of ammunition hidden in the
desert and he could get at it any
time he needed it, according to his
letter. The Mexican leader also is
reported to have referred to politi-
cal conditions in the United States,
saying the European countries would
subjugate the United States in or-
der to get its enormous gold sup-
ply, in which he, Villa, would share.

Strike At Peonage.

Queretaro, Mex., Dec. 14.—The
first article in Mexico's new consti-
tution was adopted by the Constitu-
tional Convention today. The article
provides that every citizen shall
enjoy the guarantees which the con-
stitution stipulates, and that they
may not be restricted nor suspended
except as provided for in the consti-
tution. An effort to amend the ar-
ticle to specify more clearly that no
citizen could renounce his rights
failed of adoption. An article pro-
hibiting slavery also was adopted.

Big Flour Mill Is Burned.

Henderson, Ky., Dec. 14.—Fire
here tonight destroyed the large
flour mill owned and operated by T.
A. Sanderfur, entailing a loss esti-
mated at \$25,000. The insurance
carried is about \$10,000.

The origin of the fire is not

known, but it is supposed to have
started from a hot box or electric
wiring. The mill had been running.
When first discovered the blaze
was shooting out the roof and the
firemen soon found themselves pow-
erless to prevent a spread of the
flames. The entire building was
soon one mass of flames and the
firemen turned their attention to
saving a large granary and other
buildings nearby.

AERO MAIL SERVICE BETWEEN CHICAGO AND NEW YORK PLANNED

Washington, Dec. 14.—Regular
aeroplane mail service between New
York and Chicago is being consid-
ered by the Postoffice Department. An-
nouncement was made today that
the plan is regarded practicable and
might be established with part of
the proposed \$100,000 postal appli-
cation for experimental aerial ser-
vice.

Department officials estimate the
flight of 720 miles could be made in
from six to fourteen hours, with an
average time of eight hours, and a
load of from 500 to 1,000 pounds of
mail. Flying would be at night, a
plane leaving each city at 6 p. m.,
alighting at three regular stations
in the vicinity of Williamsport,
Penn.; Niles and Napoleon, O.,
where extra machines, fuel and
equipment parts would be main-
tained. At Niles a second machine
would be taken on relay. Eventual-
ly, emergency lighting stations
might be established every twenty-
two miles, each equipped with pow-
erful guiding lights.

Postal authorities suggest that
letters dispatched before 6 o'clock at
either New York or Chicago, would
be delivered normally before 9
o'clock the following morning, but,
under best conditions and with spe-
cial messenger service, might be de-
livered soon after midnight.

HIGHEST PRICES SINCE THE WAR

Henderson, Ky., Dec. 14.—The
highest price paid for tobacco in
Henderson since the Civil War was
realized at the Birk & Lancaster
loose-leaf sale this afternoon, when
three fine baskets of bright unfired
leaf sold at \$20 per hundred. The
American Tobacco Company was the
buyer. The crop made the highest
average of any sold here in years,
reaching a little the rise of \$16
around. There was approximately
100,000 pounds of the weed sold on
the three floors today at prices
ranging from \$8 to \$9 for trash, on
up to \$20 for bright unfired leaf.
The fired leaf sold well today, going
as high as \$14.25 per hundred. The
tobacco is being brought here from
four counties, with prospects of
more coming from one or two other
counties as soon as there is a season.

CIVILIANS FORCED TO DIG TRENCHES

New York, Dec. 14.—Pierre Mall,
Belgian Consul General in this city,
made public tonight a cable message
received by him from Carton De
Wart, Belgian Minister of Justice
at Havre, France, which said in part:

"Two Russian prisoners, who ar-
rived inside the English lines near
Ypres, declare that Belgian civilians
are obliged to construct for the Ger-
man army within four kilometers of
the firing line, trenches, shelters and
emplacements for machine guns and
batteries.

"These unfortunates are constant-
ly exposed to the shells and must
work in groups of 10 under the or-
ders of a German soldier."

To Meet In Frankfurt.

Kentucky's thirteen Democratic
electors, who on November 7 car-
ried the State in the name of Wood-
row Wilson and Thomas R. Mar-
shall, will meet in Frankfurt, the
second Monday in January and for-
mally cast their votes for the two
leaders. The thirteen Democratic
electors from Kentucky are: State-
at-large, Judge James P. Edwards,
of Louisville, and Frank Hopkins,
of Prestonsburg; First district, Rain-
ey T. Wells, Murray; Second dis-
trict, James B. Allensworth, Hop-
kinsville; Third district, S. W. Fogy,
Elkton; Fourth district, L. Frank
Withers, Elizabethtown; Fifth dis-
trict, James Quarles, Louisville;
Sixth district, Lewis J. Wildrig, New-
port; Seventh district, Judge Dennis
Dundon, Paris; Eighth district, L.
B. Harrington, Richmond; Ninth
district, K. O. Carter, Louisa; Tenth
district, David Hayes, Whitesburg;
Eleventh district, L. A. Stewart,
Harlan. The time for the meeting
of the electors has been designated
by the act of Congress of February
3, 1887. According to law, the elec-
tors of each State shall meet and
give their votes on the second Mon-
day in January next following their
appointment at such place in each
State as the legislature of such
State may direct."

NEED MORE MONEY FOR SOLDIERS' FAMILIES

War Department Paying \$75,000
a Day, Says Quartermaster General.

Washington, Dec. 14.—The War
Department is paying out \$75,000 a
day to the dependent families of en-
listed men of the regular army and
National Guard, Maj. Gen. Sharpe,
Quartermaster General, told the
House Military Committee today.
The \$2,000,000 fund for this pur-
pose already provided is virtually
exhausted, he added, and emergency
legislation will be asked to continue
the payments through the present
months if disbursement continue
at the present rate a deficiency of
nearly \$5,000,000 will be shown by
the end of the fiscal year.

Gen. Sharpe said the law limited
payments to the mothers, wives and
children of soldiers and that in
many pathetic cases where all had
been asked for fathers or sisters the
application could not be considered.

The committee was told that more
than 50,000 men were expected to
take voluntary military training at
the civilian training camps next
year. Nearly 30,000 attended last
summer and as many more have ap-
plied for training in the spring.

"I am utterly opposed to these
camps," declared Representative
McKellar. "They are just delightful
vacations."

"You would change your tune if
you went to one and took that train-
ing," replied Representative Kahn.

Representative Greene brought
out the statement that it cost \$64.50
per man to operate the camps, and
said it could be shown that coun-
tries where universal training was
given paid no such price. Gen.
Sharpe agreed with him.

Representative Garner, of Texas,
asked the committee to consider the
question of reimbursing counties for
roads destroyed or damaged by mil-
itary operations. The San Antonio-
Eagle Pass road was impassable af-
ter 130 army trucks had made a
round trip, he said.

ROADS FAILING TO AID IN CAR DISTRIBUTION WARNED

Washington, Dec. 14.—The Ameri-
can Railway Association's car ser-
vice commission announced today its
intention "to bring before the bar
of public opinion" any road which
does not co-operate in securing an
equitable redistribution of freight
cars. It warned that it might be
necessary to make public the names
of some companies which have fail-
ed to furnish information desired or
to co-operate in relief measures in-
augurated by the commission.

AMERICAN INDIANS NO LONGER VANISHING RACE

Washington, Dec. 15.—The Ameri-
can Indians no longer are a vanish-
ing race, but under improved health
conditions are increasing in num-
bers, according to the annual report
today by Commissioner Sells, of the
Indian Bureau.

There were 209,224 Indians when
the report was written, an increase
of 1,522 over a year ago. Health
and educational campaigns, the re-
port says, reduced the general death
rate this year from 35.55 in 1,000
to 23.33 and cut down the number
of infant deaths from 2,391 two
years ago to 1,303 this year. Deaths
from tuberculosis were reduced 46
per cent.

Stanley Eds. Possess.

Paducah, Ky., Dec. 14.—Gov. A.
O. Stanley and Commissioner of Agri-
culture Met S. Cohen, were guests
of the Daniel Boone Club at May-
field last night. A "possum feast"
was the center of attraction.

Don't Have Catarrh

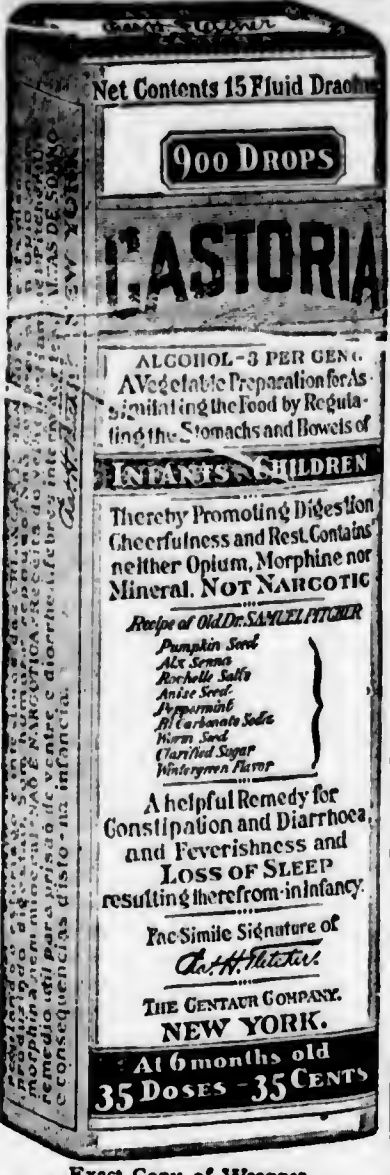

One efficient way to remove
nasal catarrh is to treat its cause
which in most cases is physical
weakness. The system needs
more oil and easily digested
liquid-food, and you should
take a spoonful of

SCOTT'S EMULSION

after each meal to enrich your
blood and help heal the sensi-
tive membranes with its pure
oil-food properties.

The results of this Scott's
Emulsion treatment will
surprise those who have used
irritating snuffs and vapors.

PRICE ONE DOLLAR PER YEAR

NEIGHBORHOOD NEWS.

OLATON.

Dec. 18.—Olaton is primed for peace during the holidays. We have a deputy sheriff with us now. Mr. C. L. Wedding, Dundee, is making his headquarters at Olaton and we feel like we will have a merry Christmas and the good citizens will not be afraid to sit by their windows on account of so much promiscuous shooting. Why not ask the legislature to make each one who sells pistol cartridges pay a license of \$100. We druggists have to pay a tax for the privilege of selling narcotics and other drugs which are much more useful than these cartridges. In fact, the drugs are needed in the community and the cartridges are not only a nuisance but a curse to any community.

Mr. Thomas Saltzman and family have moved near Deanfield.

Mr. Cortes Payton and family now occupy the house they vacated.

Several of the boys of Olaton, who went to Indianapolis, Ind., to get work, have returned home.

We are having a real winter spell.

Mr. Robert Quisenberry and family have returned from Canada where they moved last fall.

Miss Clara May, who had been visiting her sister in Chatham, Ill., for several weeks, has returned home.

Mr. Walter May left for Detroit, Mich., last Thursday. Mr. Marion Patterson left Wednesday for Indianapolis seeking employment.

Mr. Albert Wing has built an addition to the house Fitzhugh Martin resides in, which adds greatly to its appearance. Mr. Martin, who is one of the oldest section hands on the I. C. branch, has been promoted to foreman's place on the Deanfield section. He will move to his work about the first of the year. We regret to lose him and his family from our midst. They were good neighbors.

The way the snow is coming down it looks like we might have a white Christmas.

Mr. J. B. Dosssett, of Sacramento, spent the day with J. B. Canan recently.

I have not seen a drunk man since C. L. Wedding came to our town to reside.

The Sunday School was well attended yesterday, considering the weather.

We are glad to see the price of wheat dropping. We will be glad if it would get down so we can have a biscuit to mix with our cornbread occasionally.

CEDAR GROVE.

Dec. 18.—There has been a big snow in this community. Weather very cold. Fine rabbit section. Lots of them have been killed since Nov. 14th. Price good—12½¢ each.

Miss Leadora B. M. of Owensboro, Ia. spent her brother, Mr. H. Russell, and family.

Mr. R. M. Getchey and family returned from Canada.

Mr. Tom Duff, wife and son, of Louisville, are visiting Mr. J. J. Duff, of Owensboro, and Mr. R. J. Duff, of Owensboro.

Mr. Charles Duff has moved to Sulphur Springs.

School at this place, under the management of Mr. Alvin Geary as principal for the year.

Note—From our ten-year-old correspondent—L. O.

SEVENTEEN AMERICANS

WERE KILLED

London, Dec. 19 (12:25 a. m.).—Seventeen American sailors have been killed and eleven of the crew of the British battle transport ship *Arcturion*, which was sunk by a submarine in the Mediterranean on December 14. The British Admiralty has this announcement as follows:

"The early warhound British battle transport ship *Arcturion* was sunk by a submarine in the Mediterranean on the 14th. Eleven of the crew were killed, including the chief officer, the first officer and the second officer. Also seventeen American sailors were killed. Their names have been communicated to the American consul."

The transport *Arcturion* referred to probably is the British steamer of

We Want Walnut Logs

Highest Cash Prices Paid

that name which sailed from Newport News November 16 for Alexandria, Egypt, which would be about due to return. Her net tonnage was 5,753.

The Russian was formerly the *Victorian*, owned by F. Leyland & Co., of Liverpool. She was built in Belfast in 1895, and had a gross tonnage of 8,825. The steamer was 502 feet long, with a beam of fifty-nine feet and a depth of thirty-five feet.

WILSON THANKS JAMES FOR WORK IN CAMPAIGN

Washington, Dec. 18.—Senator James, who took an active part in the recent campaign and who had much to do with bringing about the unprecedented victory for the Democratic party, has received the following letter from the President:

"The White House, Washington, December 12, 1916.—My Dear Senator: I am sure you know what I think of your work in the campaign without telling you, but I want to give myself the pleasure of telling you.

"It was generous of you to bestir yourself to help in so many parts of the country, and I have reason to know that the help was very effective indeed. Your own ardor and your own unqualified devotion to the things that we have been fighting for proved contagious as you displayed them, and I think the whole party is your debtor.

"Cordially and faithfully yours,

"WOODROW WILSON."

"Hon. Ollie M. James, United States Senate."

An Average Of \$11.85 Per Cwt.

Yesterday's Owensboro Inquirer says:

The week's tobacco market opened strong. On the Owensboro loose leaf floors the managers of the houses thought they had a common lot of tobacco but when the buyers got busy a different story was unfolded. The average of the day about \$1 per hundred above the average of Saturday, which had been considered a hummer from the grower's point of view. The record price of \$23.50 for Pryor tobacco on the local market was knocked higher than a kite when J. W. Lindsey, of St. Joseph, put up a basket that brought \$25 per hundred pounds and another that brought \$24. On all the floors bidding was fast and the prices, to all appearances, very acceptable.

On the floor of the Owensboro Tobacco Warehouse Company, where Lindsey's tobacco brought the record price, 53,450 pounds were sold. The whole quantity brought to the growers a total of \$6,334 and an average of \$11.85. Trash at this sale sold as high as \$12.75.

Large Hog.

J. R. Kevill can boast of the largest hog ever slaughtered in this county, at any rate, the hog he had killed last week, weighed nearly one thousand pounds. He sold the two hams which weighed 52 pounds each, to Jenkins & Stetler. The head, which weighed 49 pounds, was sold to Henry Martin for \$3.52.

Lake of Lake Near Rim.

Hartford, Dec. 14.—The lake of fire within the crater of Kilawea has risen to within 140 feet of the rim, and is climbing rapidly. Prof. Thomas Augustus Jaggar, Jr., director of the Hawaiian Volcano Observatory, said today it probably would reach the top. He said the phenomenon was unparalleled in the last quarter century.

Checks For Both.

Centerville, Ky., Dec. 15, 1916. Mr. F. L. Fells, Hartford, Ky., Dear Sir:—Find enclosed check for \$1.00 for which you will please send on Herald. A merry Xmas and a happy New Year to you.

Yours truly,

S. R. JAMES.

NOTICE TO CREDITORS.

The creditors of the Dundee Mercantile Company are hereby notified that the undersigned assignee of said estate will, on Monday, January 1, 1917, at Dundee, Ohio county, Kentucky, sit to receive claims against said estate. Any claimant failing to present, at the time named, his claim verified in the same manner as claims against the estate of decedents, except that it need not be verified by any person other than claimant, shall be deemed to have waived his right to any part of the assigned estate.

Each of the creditors are therefore requested to properly verify their claims and present them to me at the time and place named.

Those knowing themselves indebted to this firm will please call and settle.

This December 18, 1916.

A. R. RINKFROW

Assignee Dundee Mercantile Co.

You never can tell. Lots of people who marry for money are investing in gold bricks.

EIGHT-HOUR ACT

REPEAL FOUGHT

(Continued from 1st page.)

until January 1, 1918. This may provoke a storm of argument, as friends of the State regulation of railroads are expected to oppose the resolution vigorously. Assurance of the President's desire to have the resolution adopted is expected to be sufficient to carry it through the House.

The Chamber of Commerce of the United States announced tonight that a referendum vote of member organizations had been ordered on a report of its Railroad Committee recommending legislation to prevent strikes or lockouts pending investigation of disputes between railroads and their employees. The committee proposes that the interest of the public in such controversies be recognized as paramount and that representatives of the public constitute the majority of any board of conciliation or arbitration.

SUNDAY SCHOOL PROGRAM.

The Ohio County Sunday School Convention of Missionary Baptists will meet at Hartford Baptist church, Sunday, December 31, with the following program: (Standard of excellence for Baptist Sunday Schools.)

9:30 a. m., Local Sunday School meets.

10:00 Business.

10:15, A Perennial Sunday School—L. W. Tichenor.

10:30, Baptist Literature—Roy Foreman.

10:45, Sunday School under Church Control—A. M. Smith.

11:00, Bible used in school—Dr. E. W. Ford.

11:15, Regular Teachers' Meeting—Bireh Shields.

11:35, The Normal Course—W. M. Fair.

11:55, Announcements.

12:00, Dinner.

1:00 p. m., Church members enrolled in Sunday School—E. M. Mortor.

1:30, Departments separated—Aaron Ross.

1:50, Sunday School Graded—Ollie Wilson.

2:10, Awarding of banner on percentage basis.

2:30, Evangelism—R. L. Creal.

2:50, Business.

3:00, Adjournment.

Any questions will be in order while the topics are being discussed. All Sunday Schools please be represented. BIRCH SHIELDS, Pres.

W. M. FAIR, Sec'y.

RADIUM AS CANCER CURE

FAILURE, WOOD REPORTS

New York, Dec. 17.—After exhaustive tests upon rats, mice and guinea pigs, the use of radium as a cure for cancer and tumors has been found to be a failure, according to the annual report of Dr. Francis Carter Wood, head of the Crocker Cancer Research Fund of Columbia University, made public tonight. For cases on which operation is not possible radium is successful as a palliative only, the report states.

"It is unquestionably possible to prolong life in a few instances," Dr. Wood says, "and to make the patients more comfortable by the judicious and intelligent employment of large quantities of radium. On the other hand, it is equally certain

that the use of small quantities, say 20 to 50 milligrams of radium element, often results in a rapid extension of the tumor, so that the patient's condition is worse than if he had been left alone."

SAFE CONDUCT GRANTED AUSTRIAN AMBASSADOR

London, Dec. 15.—The Entente Powers have decided to grant safe conduct to Count Tarnowski von Tarnow, recently appointed Austro-Hungarian Minister to the United States.

The Foreign Office made this announcement today, saying the Entente had decided to grant the safe conduct in consideration of the representations made by the American Ambassador, Walter H. Page, has been notified.

WILSONS CELEBRATING WEDDING ANNIVERSARY

Washington, Dec. 18.—President and Mrs. Wilson today celebrated the first anniversary of their marriage. A family party will be entertained at dinner at the White House tonight.

Fall Term Adjourns.

Frankfort, Ky., Dec. 15.—The fall term of the Court of Appeals adjourned today, the whole court sitting. When the winter term convenes January 2, Judge Warner E. Settle will succeed Judge Shackelford Miller as Chief Justice, and Flem D. Sampson, of Barbourville, will succeed Judge C. C. Turner as Justice from the Seventh district.

Villa To Be Good.

El Paso, Tex., Dec. 15.—Francisco Villa, through representatives here, has made overtures to the United States and has promised to cease his depredations upon American property and discontinue killing Americans in Mexico. It was announced today by a Government agent here.

Whole Crop Averaged \$20.

Carlisle, Ky., Dec. 15.—D. B. Barnett, of this city, reports that he raised this year 1,240 pounds of tobacco on less than three-fourths of an acre of ground and sold it for \$248. The purchaser sold the crop over the floor of the Farmers' warehouse here for an average of \$20 per hundred pounds.

Ten Per Cent. Advance.

Farming implements will be advanced 10 per cent. between now and January 1, according to the present intentions of manufacturers, and the total increase for the year will have reached 35 per cent., due to the increased cost of materials entering into the manufacturing of implements made of steel.

Well, Eat Ostrich.

St. Louis, Dec. 18.—Four ostriches, which will be sold in New York City for Christmas dinners at about \$1.50 a pound, arrived in St. Louis this morning from California. One, weighing 300 pounds, cost the commission merchants \$50 in California.

Will Stay Right With Congress.

Washington, Dec. 15.—No out-of-town engagements will be accepted by President Wilson during the present session of Congress. This reply is being made to the many invitations recently received by the President recently to speak in different sections of the country.

Saturday Night...

WILL BE
YOUR LAST
CHANCE.

But the earliest shoppers for Holiday Merchandise will have the largest assortment to select from, and can get better service. Don't put off making your selections until the last minute. Get busy now. However, nobody must be disappointed. We will be on the job late Saturday night. Every one shall have an opportunity to complete his holiday list and be well prepared with Christmas Edibles for himself and family. We are expecting you sometime between now and midnight Saturday.

The reservoir adjoining fire box, giving instant hot water, is only one of the many exclusive features that make for comfort and convenience in the kitchen, and are a constant delight to the housewife.

Why not get your Range now? Anyway, call and ask to see the Princess.

WESTERFIELD FURNITURE CO. Incorporated OWENSBORO, KY.

Cut His Feed Cost In Half

The following letter shows you just what you can do in cutting down your feed cost feeding Distillers' Dried Grains:

Greenville, Ky., December 12th, 1916.

Glenmore Distilleries Co., Owensboro, Ky.

Gentlemen:—

I have been using the Dried Distiller's Grains as a feed for milk cows in a dairy, and find them very satisfactory indeed.

When these grains are properly fed they are worth more than twice as much as wheat bran.

When I changed from bran to the dried grains I cut the cost of feed in two, and at the same time increased the production of milk and butter.

Very respectfully,

NEWTON BELCHER.

Write for prices and particulars.

Glenmore Distilleries Co. (Inc.)
Owensboro, Ky.
